

LE THANH TUAN

DEVELOPER INTERN FULLSTACK

Da Nang City • 0378315207 • thanhtuanle939@gmail.com

<https://thanhtuanle-portfolio.vercel.app/>

SUMMARY

Highly motivated and results-oriented 4rd year IT student seeking an internship to leverage Java and Spring Framework skills for back-end development, with the ability to contribute to front-end development using Angular. I look forward to gaining hands-on experience, contributing to a team environment, and improving my software development skills.

PROJECTS

Vegetfood (Personal Project)

July 2023

- Design and develop web applications.
- Implement MySQL schemas, and queries to support front-end data requirements.
- Integrate VNPay payment and Google authentication.
- Back-end: Java Spring Framework (Spring Security, Spring Data JPA, Spring boot).
- Front-end: HTML, CSS, JS, Thymeleaf.
- Github: <https://github.com/lethanhtuan939/VegetFood-SpringBoot>

Health Declaration (Personal Project)

May 2024

- Design and develop Spring web services.
- UI design and BE integration using Angular.
- Front-end: Angular.
- Back-end: Java Spring Framework (Spring Security, Spring Data JPA, Spring boot).
- Github: <https://github.com/lethanhtuan939/Health-Declaration>
